The board (the "Board") of directors (the "Directors") of the Company wishes to inform the shareholders of the Company (the "Shareholders") and its potential investors that, based on the preliminary review of the Group's unaudited consolidated management accounts for the year ended 31 December 2025 (the "Current Year") and the information currently available to the Board, the Group is expected to record a slightly increase of net loss for the Current Year by approximately 3% as compared with the net loss for the year ended 31 December 2024. Based on the information currently available, such expected increase of net loss for the Group during the Current Year was mainly attributable to the net effect of the following factors: (i) the decrease in revenue and increase in gross loss; (ii) the increase in provision for impairment loss on property, plant and equipment; (iii) the decrease in provision for impairment losses on deposits for purchase of raw materials and acquisition of property, plant and equipment and other receivables; (iv) the decrease of allowance for inventory; and (v) the decrease in provision for impairment loss on prepayments.

The Company is still in the process of finalizing its unaudited consolidated financial results for the Current Year. The information contained in this announcement is only based on the preliminary assessment by the Board on the unaudited consolidated management accounts of the Group for the Current Year and the information available for the time being, which have neither been reviewed by the audit committee of the Company nor audited or reviewed by the Company's auditors. The above information is subject to adjustments upon further review.
